

Conductive Probe Kits

Probe Holders with 1, 2 or 3 rods

CP

CP-1C

Probe Holder supplied
with 1 x 1 metre rod

CP-2C

Probe Holder supplied
with 2 x 1 metre rods

CP-3C

Probe Holder supplied
with 3 x 1 metre rods

Note: All CP kits interface directly with Rhomberg SC100, AC130 & SC130 level relays

Conductive Probe (CP) Holder

Material: Nylon
Thread: 1.5" BSP
Protection Class: IP65
Max. Temperature: 70°C (recommended)

Conductor/Electrode Rods (C)

Material: Stainless steel 316
Coating: Black powder epoxy
Length: 1 metre

Optional Extension Rods (EP1/CEXT)

Material: Stainless steel 316
Coating: Black powder epoxy
Length: 1 metre
Connection: one end Male
one end Female

Note: Coating of rods improves resistance to false switching caused by frothing or condensation.
